

HUNTER DOUGLAS

Federal Tax Credit 2023
Qualifying Product Document

HunterDouglas 

How to use this document

All eligible Hunter Douglas Duette® and Applause® Honeycomb products with PowerView® Automation qualify for the Federal Tax Credit.

To determine if any non-motorized Hunter Douglas Honeycomb product qualifies for the Federal Tax Credit, please follow the steps below.

- 1) Refer to the Product Qualification Reference Chart, which can be found on Pages 3-6.
- 2) In the Product Qualification Reference Chart, if the fabric is listed as "ALL QUALIFY" then all operating systems and sizes within that product category qualify for the Federal Tax Credit. Available operating systems include PowerView®, LiteRise®, UltraGlide® and EasyRise® in both standard and Top-Down/Bottom-Up.

If the fabric you purchased is listed as "Some Non-Qualifying", please reference the Qualifying/Non-Qualifying Size Grids, for those applicable operating systems.

- 3) Within the Qualifying/Non-Qualifying Size Grids: find the specific fabric, operating system, and size of the product. If the size of the product falls within a dark green area, the specific product configuration **DOES NOT** qualify. If the size of the product falls within a light green area, that specific product configuration qualifies.

IMPORTANT: Any products purchased with the following systems and design options **DO NOT QUALIFY**.

- Duolite®
- Vertiglide™
- Skylift™
- Simplicity™
- TrackGlide™ (Alustra Duette & Duette Only)
- LightLock® (Alustra Duette & Duette Only)
- EasyView® Arch (Alustra Duette & Duette Only)
- Two-on-One Headrail
- End Mount
- Outside Mount
- Specialty; including Sidelights, Shapes, Cut-outs, Magnetic Hold Down Brackets
